Designed for commercial, industrial, and microgrid applications, it integrates a 30kW PCS with a 60kWh LiFePO4 battery bank to provide safe, efficient, and reliable power storage.

AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage demands.

This compact lithium battery system cabinet boasting 30KW power and 61KWh capacity delivers efficient, long-lasting performance, ideal for on-grid peak load shifting and powering remote small ...

This 30kW all-in-one commercial and industrial energy storage system integrates lithium batteries, inverter, and intelligent energy management into a single compact unit for stable, reliable operation.

Lithium battery systems are reshaping how businesses manage and store power. Through improved efficiency, scalability, and sustainability, 30 kW energy storage units are helping ...

Each product is carefully designed and manufactured, 100% end of line test, minimizing maintenance needs and potential risks. For support, please contact the local authorized dealer.

FLYFINE 30kwh energy storage battery used by lifepo4 battery, lifespan up to 5000 cycles, long time warranty

With a capacity of 60KWH and a power output of 30KW, it supports peak shaving, load shifting, and renewable energy integration. Its all-in-one design simplifies installation and operation, while ...

This cabinet integrates advanced battery technology, energy management systems, and intelligent controls, achieving efficient energy storage in a compact device.

30kW Lithium Battery Cabinet for Production Line

We keep several semi-automatic production lines for small orders, prototypes and samples. We also have a fully-automatic production line for standard on-shelf batteries.
