About this item The lithium iron phosphate (LiFePO₄) battery adopts Grade A cells: The 12V 400Ah lithium iron phosphate (LiFePO₄) battery boasts exceptional quality, enabling 4,000 to ...

We offer the Preferred series lithium ion battery packs to suit different kinds of applications. The chemistry of the battery pack consists of Lithium Iron Phosphate (LiFePO₄) which is the safest li-ion ...

Up to \$8 cash back; High Capacity: 12.8V 400Ah LiFePO₄ battery with 5120Wh energy, supporting up to 400A continuous charge and discharge current. Durable Design: ABS case ...

Engineered for durability and efficiency, this advanced lithium iron phosphate battery offers long-lasting power for various applications. Perfect for renewable energy systems, electric vehicles, and more, it ...

Introducing the EG4 Lithium Battery 12.8V (12V), boasting a robust 400AH capacity and a formidable 5.12kWh power output, all managed by a formidable 200A internal battery management system (BMS).

This 24 Volt 400 AMP lithium iron phosphate (LiFePO₄) industrial deep cycle battery is packed with power. The battery delivers efficient power for battery systems requiring large amounts of power at ...

Replacing four pieces of 12V 100A lithium batteries with one REGO 12V 400A lithium battery, not only provides you 5.12kWh massive storage capacity but will also save you more than 30% of the ...

The 12.8V 400Ah Deep Cycle Lithium Iron Phosphate Battery is designed for the drop-in replacement of deep-cycle lead-acid batteries with its standard Battery Council International (BCI) group size.

Replace four 12V 100A batteries with one REGO 12V 400A, unlocking 5.12kWh of storage, saving 30% on installation space, and eliminating 6 cables. Streamlined, powerful, efficient. Lighter weight, larger ...

The 400Ah Battery Bank is tougher, safer, and more powerful than other battery banks on the market.
