-----  
What materials are used for outdoor enclosures & cabinets?

Explore Waterproof & Weatherproof NEMA-Rated Outdoor Enclosures and Cabinets with AZE! Durable Materials: Choose from galvanized steel, stainless steel, or aluminum for superior corrosion resistance and longevity.

Can multiple BBU cabinets be combined?

Multiple BBU cabinets can be combined to achieve an even greater amount of battery backup time. BBU cabinets can be installed adjacent to or remotely from other CUBE Macro Cell cabinet solutions (such as CUBE-PM639 Series or CUBE-SS Series models) to form a complete Macro Cell or CRAN Node solution.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

How do I choose the best NEMA rated cabinet?

Cabinets with a 3,3R,3S,3X,3RX,3SX,4,4X NEMA standard are all properly made to withstand the outdoor elements to varying degrees. The key is to select the enclosure rating that best meets your environmental needs, and then find an appropriate enclosure with that rating.

Our enclosures are built to withstand rain, dust, corrosion, and extreme temperatures, making them ideal for telecommunications, utilities, oil & gas, and industrial applications.

Our enclosure fabrication services allow us to manufacture cabinets from a variety of materials to meet NEMA standards as well as be equipped with different accessories to customize your protective ...
