Is the Bahamas a sustainable country?

Yesterday, today and tomorrow - The Bahamas is proud to be a leader in sustainability, championing the United Nations Sustainable Development Goals to promote global prosperity while protecting the planet. Our culture weaves art, music, cuisine and handicraft into a colourful tapestry that supports and encourages sustainability.

Is sustainability a fad or a trend in the Bahamas?

In The Bahamas, sustainability isn't a trend, a fad, or something new to check off our list. It's always been part of our DNA. After all, across 100,000 square miles of the world's clearest ocean, sustainability doesn't happen on its own.

What is the Nature Conservancy doing in the Bahamas?

In the face of these challenges, The Nature Conservancy has been working across The Bahamas in key fisheries, such as Spiny Lobster and Queen Conch and directly collaborating with local fishing communities to enhance the voices of fishers in decision-making and ensure support for fisheries regulations.

Is the Bahamas a marine protected area?

The Bahamas has long been a Caribbean leader in ocean conservation and currently has 10% of its waters declared as marine protected areas. Current commitments from government are to protect and manage at least 20% percent in the near future.
