The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery bank, ...

SolaraBox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily. Thanks to foldable solar arrays, the container is ...

MOBIPOWER HYBRID Containerized Clean Power is Mobismart's high-capacity autonomous power solution, integrating solar panels, hydrogen fuel cell, and large-scale battery energy storage within a ...

Off-Grid Solar Containers transforms 20-foot shipping containers into complete, turnkey electricity generators--engineered for the places where conventional infrastructure can't reach, and built for ...

Anker Solar Generator SOLIX C300 with 60W Solar Panel, 288Wh Portable Power Station, 300W (600W Surge), LiFePO4 Battery, 140W Two-Way Fast Charging, for Outdoor Camping, Traveling, ...

The LZY-MSC3 Bolt-On Solar Panel Container is a detachable solar system with solar panels mounted on the container, which are bolted and fixed for easy installation and removal.

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, including hybrid and microgrid compatibility.

Modern solar generators with integrated panels redefine portable power, but which one truly delivers the off-grid freedom you need?

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Generator solar container outdoor power integrated

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
