Offering replacement glass lenses for Fireflies flashlights. All glass lenses have been treated with double-coated anti-reflective coatings for ultra-high transmittance and maximum performance.

Here we gathered the double silver low e glass performance data (6-12-6 double glazed units) from world famous glass manufacturers. The manufacturers include ...

We also started developing substrates to be used in glass light guide plates several years ago, and have now succeeded in making glass substrates with a high refractive index and high transmittance for ...

In ClearLex, the iron content is removed from conventional glass as much as possible to create a pure, colorless and clear glass with high transparency. Its ultra-high transparency can enhance the ...

The additional variants with significantly improved transmittance are identified with the suffix "HT" or "HTultra". These glasses are especially suitable for digital projection and high end optical systems.

Ideal for medical displays, high-end kiosks, automotive dashboards, and precision instruments, it eliminates glare while enhancing color vibrancy and contrast. Customizable in size, thickness, ...

Many of the Guardian glass solutions designed for high light transmission incorporate double- or triple-silver low-E glass coatings, providing an optimal LSG ratio to help keep interior spaces well-lit and ...

Welcome to our product page featuring the innovative 1.5mm High Transmittance Double-Sides Anti Reflective Coated Tempered Glass. Crafted with precision and expertise, this glass offers advanced ...

Welcome to our product page featuring the innovative 1.5mm High ...

Q2. What are the advantages of Double-Side AR Coating Glass? A:This glass provides ultra-high light

High transmittance double glass components

transmission, extremely low reflection, and high scratch resistance, making it ideal for displays, ...

From high homogeneity and narrow refractive index to exceptional transmittance and low transition temperatures, we can supply optical glass made to your exact specification.
