The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. However, the federal government does ...

You've likely seen the enticing ads: "Get Solar Panels for Free!" and wondered if it's too good to be true. The short answer is that while no company gives away solar panels to own for free, ...

The federal government does not provide free solar panels, but many states and utilities offer incentives that can reduce the cost of going solar. You can install solar panels on your roof with ...

There's no such thing as free solar panels or free government solar programs. Most "free" offers are actually leases, power purchase agreements, loans or scams.

Free solar isn't free, but it can still be smart for some people. If you want simple, don't have cash upfront, or can't use tax breaks, leases and PPAs give you access to solar power.

This guide will walk you through everything there is to know as well as how to get solar panels for free.

Are "free" solar panels really free? Except for very rare cases, it's unlikely that you'll be able to install solar panels at no cost whatsoever or that the government is "giving them away."

The US government is not giving away free solar panels or paying people to go solar, no matter how many random and Facebook ads say otherwise. This scam is usually a ...

While free solar panels may seem like a great deal, in almost every case we can think of, they aren't actually free. "I have never seen an advertisement offering free solar that is not a...

The short answer is no, you can't get free solar panels from the government. That being said, there are many
