Trina Solar now distributes its PV products to over 100 countries all over the world. We are committed to building strategic, mutually beneficial collaborations with installers, developers, distributors and other ...

Detailed profile including pictures, certification details and manufacturer PDF.

Lower LCOE 2% more power generation, lower LCOE Note: This publication summarizes product warranty and specification which are subject to change without notice

Solis 144cells 182mm 535w 560w Monocrystalline Half Cell Solar Panel Category Half Cell Solar Panel

STC: Irradiance 1000W/m², Cell Temperature 25°C, Air Mass AM1.5. *Measuring tolerance: ±3%.

NOCT: Irradiance at 800W/m², Ambient Temperature 20±1°C, Wind Speed 1m/s. *Please refer to regional ...

With the technical progress and product update, the technical parameters of the components of Blue Carbon may differ from the technical parameters contained in this specification.

Trina Solar now distributes its PV Mechanical performance up to 5400 Pa positive load and 2400 Pa negative load products to over 100 countries all over the world.

Our PV modules are designed with better technology in mind, made from robust product components, under stringent quality control steps and high-tech manufacturing processes.

High-Efficiency Solar Module - 535W high-voltage monocrystalline panel for maximum energy conversion. Built for Harsh Environments - Certified resistance to salt mist, ammonia corrosion, and ...

Our photovoltaic solar panels feature a high-quality ETFE coating on the surface to ensure durability and

Monocrystalline 535W photovoltaic panel specifications

waterproofing, greatly extending the product lifespan.
