What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What accessories are included in an outdoor Telecom cabinet?

An outdoor telecom cabinet from KDM includes enclosure fans and power options. Depending upon the installation location, KDM also offers an optional built-in air conditioner or heat exchanger.

Why should you choose a telecom outdoor cabinet?

An outdoor telecom cabinet is a worry-free solution for safeguarding your equipment from moisture and harsh environmental conditions. KDM's cabinets are factory tested and feature double-wall construction and a tight seal. They come with accessories such as enclosure fans and power options.

How to organize and reroute cables in outdoor Telecom cabinets?

Outdoor telecom cabinets can be organized and cables rerouted using cable boots. These are similar to pass-through panels and allow cables through while consisting of special gaskets.
