Nordic delivers world-class hardware, embedded software, development tools, power management, world-class support, and cloud lifecycle services - all simplifying development for developers to build ...

Nordic Semiconductor, the global leader in ultra-low-power wireless connectivity solutions, today announced its acquisition of the intellectual property and core technology assets of Neuton.AI, a ...

With ambitious climate targets like Norway's 2030 zero-emission power grid and Sweden's 2045 carbon neutrality pledge, governments are actively promoting hybrid projects that combine solar energy with ...

Nordic Semiconductor, a global leader in low power wireless connectivity solutions, today announced the launch of the nRF54LM20A, the latest addition to its next-generation nRF54L Series of ultra-low ...

The Kvested project integrates an existing utility-scale solar park with large-scale battery storage to create a fully hybrid renewable energy asset. The battery system has been operational ...

For investors seeking significant potential and a strong ROI in an essential industry, large-scale energy storage offers a compelling opportunity to contribute to the Nordic energy revolution.

We highlight Sweden's top 10 energy storage investors, who finance and deploy capital across grid-scale battery systems, hybrid renewables, and other storage technologies.

Cloud Services The cloud services optimized for ultra-low power Nordic Semiconductor wireless devices
Cloud Services Overview Location Services Security Services Device Management Device ...

The "IDR01" is based on Nordic's nRF54L15, that doubles the processing power and triples the processing efficiency of the previous generation of SoCs, enabling the smart ring to combine a host ...

Nordic solar energy storage cabinet hybrid investment

Investment firm Niam Infrastructure and developer Evecon will together deploy a solar-and-storage portfolio in Latvia that could have up to 26MW of BESS capacity.

Explore the top energy storage investors in the Nordics, featuring names like Equinor and EQT Group, shaping the future of energy.

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the acquisition of its long-term partner, Memfault Inc., the market-leading cloud platform provider for ...
