Nordic delivers world-class hardware, embedded software, development tools, power management, world-class support, and cloud lifecycle services - all simplifying development for developers to build ...

Utility-scale solar projects in Sweden, Finland, and Denmark are flourishing, while battery storage and AI are reshaping what's possible for grid stability and long-term power supply.

Battery storage systems (BESS) offer renewable energy companies, like Nordic Solar, a way to store energy from clean sources, such as solar and wind energy. While these sources can ...

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the launch of the nRF9151 SMA Development Kit (DK), a specialized DK for RF engineers ...

International developer and IPP Nordic Solar has entered the BESS market with a 10MWh project on home soil, in Denmark. The BESS will be in Borup in the municipality of Hillerod ...

The "IDR01" is based on Nordic's nRF54L15, that doubles the processing power and triples the processing efficiency of the previous generation of SoCs, enabling the smart ring to combine a host ...

Danish energy company Nordic Solar has announced the successful signing of a credit agreement for its inaugural battery storage project in Borup, near Hillerød, north of Copenhagen.

Nordic Solar has entered the storage market with the construction of its first battery energy storage system in Denmark. The 10MWh battery will be built in Borup in the municipality of ...

Nordic Solar A/S announced yesterday the start of construction works on its first battery energy storage system (BESS), a 10-MWh project in Denmark, as part of its strategy to integrate ...

Cloud Services The cloud services optimized for ultra-low power Nordic Semiconductor wireless devices

Nordic solar project with energy storage

Cloud Services Overview Location Services Security Services Device Management Device ...

nRF52 Series Multiprotocol Bluetooth® 5.4 SoCs supporting Bluetooth Low Energy, Bluetooth Mesh, Thread, and Matter.

Nordic Semiconductor, a global leader in low power wireless connectivity solutions, today announced the launch of the nRF54LM20A, the latest addition to its next-generation nRF54L Series of ultra-low ...
