What is an IP- outdoor cabinet?

An IP- outdoor cabinet is a precision-designed enclosure made of stainless steel or SMC material. It supports optic fibre distribution, features 3-point locking, and can accommodate 24 to 192 cores.

What is a 26U Outdoor Network cabinet?

These optional units feature quiet operation, advanced dehumidification, and are ideal for high-temperature or humidity-prone regions. Designed specifically for harsh outdoor environments, the 26U Outdoor Network Cabinet offers outstanding protection against environmental factors such as rain, snow, dust, and UV rays.

What is an IP66 rated enclosure?

With its IP66 rated enclosure, your network devices and servers are protected from heavy rainfall, ensuring reliable performance even in the most challenging weather conditions.

What are IP rated cabinets?

IP rated cabinets offer certified protection against environmental elements. The Ingress Protection (IP) rating determines an enclosure's ability to resist solids and liquids, while NEMA (National Electrical Manufacturers Association) standards specify resistance to corrosion, rain, and other hazards. These enclosures securely host:
