Our GLOBAL FIBERGLASS Gratings consistently surpass the highest international standards, boasting attributes such as exceptional strength, corrosion resistance, prolonged lifespan, and unparalleled ...

The desired grating shapes are formed and solidified by being pulled through a heated steel die. Lichtgrid pultruded grating stands out in its strength, corrosion resistance and structural integrity.

American Grating(TM) is a global manufacturer of Fiberglass Reinforced Plastic products, which include Grating, Structural Beams, Angles, Rebar and more. Our exclusive GRIDWALK(TM) systems offer the ...

As a fiberglass grating fabricator and fiberglass grating manufacturing company, we've been providing quality and specialized service to all of our customers in need of fiberglass grating plastic.

National Grating is the leading supplier of Fiberglass Grating in North America. We offer the lowest FRP Grating prices with exceptional service unmatched by any other FRP supplier.

Our fabrication team has been building custom FRP structures for over 25 years and are available to assist you in creating a successful project. Regardless of the complexity involved with your project, ...

Uses of Fiberglass Reinforced Plastic (FRP) Grating Principle of Fiberglass Reinforced Plastic (FRP) Grating Use of Fiberglass Reinforced Plastic (FRP) Grating as Flooring Material Other Information on Fiberglass Reinforced Plastic (FRP) Grating FRP Grating is a lightweight material with excellent corrosion resistance. Therefore, FRP grating is suitable for flooring in corrosive environments such as chemical plants and ships where load reduction is required. FRP Grating with a non-slip shape can also help prevent pedestrians from falling. FRP Gratings have high lighting performance, allowi...
