Where can I buy solar panels in bulk?

Buying in bulk by pallet or container lets you lock in better prices per watt, simplify logistics, and get equipment from trusted brands in one place. A1 SolarStore is a solar marketplace where you can buy wholesale solar panels in pallets or full container loads for residential and commercial projects.

Why should you choose wholesale solar panel pallet deals?

Whether you're a solar installer, a commercial developer, or a passionate DIY enthusiast, our wholesale solar panel pallet deals offer unbeatable value and convenience. With our large pallet quantity of high-quality solar panel series available, you can easily tackle projects of any scale.

Should you buy solar panels wholesale?

Buying solar panels wholesale significantly reduces the cost per watt compared to purchasing small batches at retail prices. Bulk orders also ensure you have enough inventory for ongoing projects, avoiding delays and last-minute substitutions.

What factors affect wholesale solar panel prices?

Wholesale solar panel prices depend on several factors that should be considered when planning purchases. The most important drivers are panel wattage and technology, with higher-power bifacial and all-black models typically costing more per module but often less per watt.
