How much will Slovenia spend on solar energy?

Slovenia has set aside EUR16 million (\$16.7 million) to support solar energy communities, requiring projects to include at least 100 kW of PV capacity, with or without storage. The program will run until 2027.

Did two Slovenian companies misrepresent a solar project to get EU funds?

The European Public Prosecutor's Office (EPPO) is investigating a EUR340,000 (\$349,350) fraudulent scheme allegedly involving two Slovenian companies accused of misrepresenting a solar project to obtain EU funds.

When will solar subsidy applications open in Slovenia?

Applications for the subsidy will open Mar. 18, 2025. Slovenia's solar market slowed in 2024, but the residential segment maintained the largest share as it adjusted to the phase-out of net metering and a new electricity tariff system.
