-----  
What are the requirements for a PV inverter?

The PV modules used with the inverter must have an IEC61730 class A rating. Additional protective devices like circuit breakers or fuses are recommended on the AC side. Specification of the protective device should be at least 1.25 times the rated AC output rated current. Make sure that all the groundings are tightly connected.

Do I need a grounded wiring system for my inverter?

GROUNDING INSTRUCTIONS -This inverter should be connected to a permanent grounded wiring system. Be sure to comply with local requirements and regulation to install this inverter. NEVER cause AC output and DC input short circuited. Do NOT connect to the mains when DC input short circuits.

How do I protect my inverter from damage?

Wear anti-static gloves, cloths, and wrist strips when touching electron devices to protect the inverter from damage. Strictly follow the installation, operation, and configuration instructions in this manual. The manufacturer shall not be liable for equipment damage or personal injury if you do not follow the instructions.

Where can I find a user manual for a GW SEMs inverter?

Scan the QR code or visit [https://en.goodwe.com/Ftp/EN/Downloads/User%20Manual/GW\\_SEMS%20Portal-User%20Manual-EN.pdf](https://en.goodwe.com/Ftp/EN/Downloads/User%20Manual/GW_SEMS%20Portal-User%20Manual-EN.pdf) to get the user manual. Power of the inverter before operations and maintenance. Otherwise, the inverter may be damaged or electric shocks may occur.

When installing the GPRS/4G dongle for the first time, the LED of the dongle will illuminate as follows: If there's a connectivity issue, press and hold the button to reset the device, allowing it to reboot.

Open the "Solar Assistant APP", click the SET button in the upper right corner, you can check for updates, set the language, view the help document, as shown below:

Connect the GPRS stick to the corresponding communication interface on the inverter (make sure the four connector pin numbers correspond) and tighten the GPRS stick, by using the ring on top of the ...

With the Growatt Shine GPRS-F, users can easily track the performance of their solar power system, including
