You should buy a power adapter for Sweden that supports Type C or Type F plugs. Type C plugs have two round pins, while Type F plugs have two round pins with two earth clips on the side.

Since Sweden uses a different power outlet type to the United States, American travelers must purchase a power adapter to charge their electronic devices within the country.

North Americans will need an adapter for the outlets and a transformer for the voltage when traveling to Sweden. North Americans device plugs will not work with the outlet types in Sweden.
