Why are US-based CSPs establishing SMT production lines in Southeast Asia?

US-based CSPs have been establishing SMT production lines in Southeast Asia since late 2022 to mitigate geopolitical risks and supply chain disruptions.

Where are server ODMs based?

TrendForce reports that Taiwan-based server ODMs, including Quanta, Foxconn, Wistron (including Wiwynn), and Inventec, have set up production bases in countries like Thailand, Vietnam, and Malaysia. It's projected that by 2023, the production capacity from these regions will account for 23%, and by 2026, it will approach 50%.
