Wildman and a growing number of Massachusetts residents have faced legal battles with a California-based company named Sunrun Inc., an investigation by the GBH News Center for ...

I have filed two complaints with the BBB and SunRun came back with the resolution of they would take us off of their solicitation list.

While rooftop solar panels are becoming increasingly ubiquitous in homes throughout the United States, the industry also has a more sinister side: a seemingly widespread problem of ...

SunRun has been lying to customers about the performance of their solar panels, telling customers they need many more panels than the actually need, inflating prices, and gouging customers who sign ...

They exist. It's a very small percentage of rooftop solar companies, but it would be a lie to pretend there aren't any and there's nothing to worry about.

With that in mind, Sunrun may not be the right choice for you, but its products and services are not a scam. However, the company has faced some legal challenges.

While you are browsing solar power companies, one of them may ...

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an "energy audit" to reduce your utility costs. Or they might try to sign you ...

My interpretation is that the escalator is implied to be 0% in the first wording and that the SunRun offer likely guarantees only the rate for the solar system's production, rather than the full energy bill, so ...

Sunroom Solar Power Generation Scam

It sifted through dozens of legal filings and spoke to homeowners, uncovering complaints of consumer fraud and financial losses after installing solar panels -- even though, when done right, ...
