---

The Treasury Department works with other federal agencies, including the Consumer Financial Protection Bureau (CFPB) and the Federal Trade Commission (FTC) to spread the word about ...

"Part of the scam here, especially when it comes to elderly consumers, is to strip equity from their homes - to steal their nest egg from them."

Scammers across the U.S. are going door-to-door, pitching "free" solar energy systems. Many homeowners never get any solar equipment installed; those who do often get shoddy work.

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading claim.

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll ...

The Federal Trade Commission is getting tired of dealing with all the solar panel scam complaints and warns consumers what to watch out for.

Learn how to spot solar panel fraud, avoid predatory contracts, and take action if you've been scammed, with guidance from Prevost Law Firm.

Many companies allegedly participate in fraudulent practices in an attempt to scam homeowners out of their money. Despite this issue, the solar industry is continuing to broaden its reach.

This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies.

# The scam of renting out photovoltaic panels is revealed

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an "energy audit" to reduce your utility costs. Or they might try to sign you ...
