High tension electrical power lines in New Mexico, running along the highway and going toward a large rock formation. Rural communities form the backbone of our nation. We have relied on these ...

In this paper, a review of recent developments in rural electrification through micro-grids is presented. This work first lays the background on the challenges hindering the mass deployment of ...

Overview Facts and Figures Universal Access to Electricity in 2030 Socio-Economic Context Conclusion Further Information References Without the provision of modern energy and electricity there is no support for socio-economic development and improvement of the living conditions in rural areas in developing countries. Although the awareness of the importance of reliable electricity infrastructure is given there are still about 20% of the global populations who have no a...
